

This document will be regularly updated in line with any new government guidance **14 July 2020**
Motorsport UK Guidance on COVID-19 in relation to Events has Regulatory status and to the extent applicable shall supersede the General Regulations by virtue of GR A.2.4. Breach of this obligation may lead to disciplinary action being taken (C.1.1).

Event organisers should work with the Marshals to ensure that the good hygiene, social distancing and all other necessary measures to reduce the risk of COVID-19 transmission are implemented at the event.

Basic principles:

- Local government advice must be adhered to at all times
- Good hygiene – wash hands regularly
- Maintain social distancing requirements (min 2m)
- Do not attend events if you feel unwell or have any symptoms of COVID-19
- PPE must be worn in accordance with government advice

EVENT ELEMENT	GUIDANCE
Pre-event actions and Signing-on	<ul style="list-style-type: none"> • This will be carried out via an online system in advance of the meeting • Allocation to posts will be undertaken either prior to the event or remotely • Written briefings and instructions will be sent through electronically in advance of the meeting. Briefings will be carried out by voice notes, telephone or other electronic means. Alternatively, in an open area whilst at all times respecting social distancing and with availability of hygiene measures.
Event Control	<ul style="list-style-type: none"> • Only necessary personnel are to be in Event Control and those that are to be provided with appropriate COVID-19 PPE in line with government advice with hygiene measures observed. Hand sanitiser must be available on entry and exit and each room must be well ventilated.
Communications	<ul style="list-style-type: none"> • All communications should be electronic and verbal reports from Marshals are to be accepted, where appropriate Marshals may be asked to submit their written reports by taking a photograph and sending it through via MMS or WhatsApp type apps • All reports to be transferred by digital or telephonic means, including Stewards Reports and COVID-19 Reports to Motorsport UK which must be submitted by e. mail within 60 hours of the end of the event.
Radio Marshals (Rally/Club Sport)	<ul style="list-style-type: none"> • Radio Marshals either in 2 cars side by side OR with members from the same household.
Incidents	<ul style="list-style-type: none"> • Emergency Response personnel are the only persons authorised to attend a medical intervention. No Marshal to attend a medical intervention except to control the site and check for the thumbs up sign from the driver. In the event of an incident requiring intervention or where there is no OK sign (thumbs up) from the driver, marshals equipped with appropriate PPE should adopt the usual procedures to deal with the incident until additional support arrives. At which time the marshals' direct involvement may not be required, and they may only be needed to control the site. • In the event of an incident, if a Marshal has not already reported to Event/Race Control, the Clerk of the Course may request them to approach the vehicle, face on

Incidents cont.	<p>and at a safe distance, in order to obtain a thumbs up from the driver. The Marshal should advise Event/Race control whether medical/rescue intervention is required.</p> <ul style="list-style-type: none"> • In the event of an incident where a Marshal is not in direct contact with the Clerk of the Course/Event Control, the marshal is to approach the vehicle, face on and at a safe distance, in order to obtain a thumbs up from the driver. If intervention is required, appropriate COVID-19 PPE must be worn. The Marshal must advise Clerk of the Course/Event Control whether medical/rescue intervention is required as soon as possible.
Trainee	<ul style="list-style-type: none"> • During this first phase of the resumption of Motorsport activity, the act of trainee marshals shadowing other marshals is temporarily put on hold. However, if the trainee is fulfilling a function as a marshal for the event and “learning on the job” this can continue if the current guidance around social distancing is adhered to. • This does not mean that training has to stop, there are also numerous online training resources available to you on the Motorsport UK Learning Hub, and there are other methods of communication you can use to continue training with your mentors such as video calls and on-line chat facilities.

Version 2 (14th July 2020)
