

Uploading competitor documents

We need photographs uploading to the on-line entries system of the following:

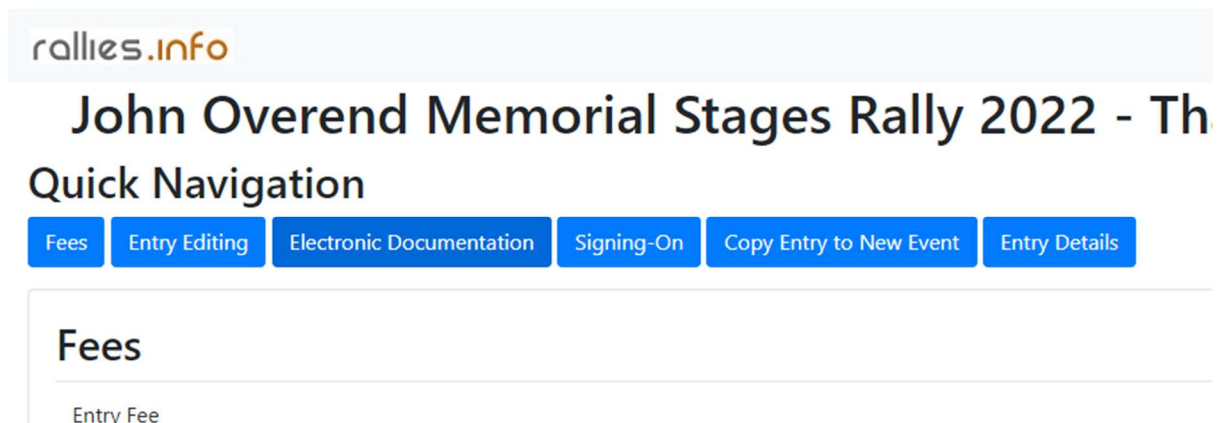

- for driver and co-driver: competition licence (**front and back**), club membership card, any relevant championship registration cards (ANWCC, Melbourne Challenge, Senior F1000, F1000 Junior),
- for the entrant (if you have one): competition licence.

If there is information on both the front and the back of the document (as there is for competition licences), then we need photos of both the front and the back of the document.

Now that the process is back to all vehicles being scrutineered, we do **not** require you to upload photographs of vehicle passports or log books.

To upload photographs of documents, click on the “Access your entry home page” link in the most recent email you have received from the on-line entries system for this event.

That will take you to a page that looks like this:
